Almighty Love ® is freely offered for spiritual purposes but also can be successfully used for healing purposes as long as our energetic, spiritual and physical bodies are strongly interconnected, but it is not meant to replace any medical treatment.

Sokaisi ® is a spiritual system consisting of initiations meant for personal and spiritual development. The initiations work on DIY basis absolutely free of any master or any charging, unless specified here. Anyone claiming any of these initiations, charging or pretending to facilitate these initiations will be in violation of founder purpose, and subject to definitive withdrawal of any Sokaisi ® initiation.

I hope that by now you are using True Heart and True Love on a daily basis. These are the only trustful instruments in this dimension of darkness and the real escape of this artificial reality that we experiment as Physical Plane. Everything here is false and most of you might already felt that and barely endure it. Darkness created a lot of mechanisms in order to block your access to your True Consciousness and True Love.

Let's first get to the practical things and raise our Consciousness level to a higher state of True Love. I am telling everyone that all the Sokaisi Initiations are in fact a system of advancement to the True Consciousness, which today we will fully achieve.

Go to the centre of True Heart of the Infinite Creator and ask to be initiated in Almighty Love. Then call upon you Almighty Love Initiation made for you by The Infinite Creator until the process will be complete.

You can do the initiation on a state of calm and meditation in order to enjoy this amazing process.

You will find yourself at unprecedentedly higher spiritual frequency and tuning yourself to Almighty Love will grant you access to a new level of Consciousness, the Infinite Creator or True Love Consciousness. Is not easy in this Physical Plane to deal with True Consciousness because the Usurpers have created a lot of crafty methods to have you imprisoned here in order to enforce darkness upon you. One of these instruments is called subconscious. Even psychologists that are supposing to deal with it don't know how to handle it. Let me clear this: subconscious will deposit all the information that you access and store it until a trigger will force push these into your behaviour. It's the basis of human programming, but a very dark programming. The mind could store only a limited amount of information but the subconscious is deeper. Both are functioning best by the repetition principle – the better- represented piece of information will be the most present in your behaviour. This explains the violence and darkness of information that you are literally assaulted any moment by all controlled media! They are targeting your

subconscious, intending to transform you into something I think that you might easily guess. It's true that you have one simple option – to turn off the button, but what will you do with the information already stored? A better option is to disintegrate your entire subconscious. You will be freed from its nefarious influences and this is real freedom! Now you gave the power to die that. Concentrate Almighty Love on your subconscious mind until it will be entirely Almighty Love or will cease to exist!

Collective subconscious might be on your list also. This empowers others against you. It's the spirit of herd! For example a human that harms you will draw its power, determination and hatred from the collective subconscious, where ironically even you contributed at some point with your energies! Every time you are manifesting hatred, envy, or other dark feelings you are fuelling this immense tank. The willingness to eat meat, to kill has also roots in the collective subconscious. Imagine that you are bonded by subconscious with all the criminals and their abominable crimes. By this mean you are permanently connected to an immense tank of darkness that just put a pressure on you and wait for discharge. Wars are fought on the very basis of collective subconscious! Practically we are talking here about everything that is dark in human collective or individual behaviour. I believe that you might want to dissociate from this immediately.

The unconscious mind is even more dangerous. It's abysmal and more dangerous than you might ever imagine. It will reveal monstrous energies especially to those that are irremediably lost to Darkness, but you never know how much it affects you so it's better to put it on list also.

The Ego is another instrument of control that let us manifest a dark side that in many cases didn't match with ourselves. Ego is the absolute selfishness in action and usually explodes in everyone, no matter what spiritual it can be. Probably you'll want to be freed from this too.

Almighty Love can do this. Just concentrate Almighty Love into all these, until they will be Almighty Love or will cease to exist.

For spectacular results better ask The Infinite Creator to disintegrate your Ego, subconscious and unconscious until completion in order to free yourself. Then ask The Infinite Creator to disintegrate and cancel all the ties, blockages and programs imposed against you until completion!

It works extraordinary easy and nice. This is the main reason that religion was fighting over centuries - to take you on a false track! Praying to false Gods will lead you to absolutely nothing but abandon your True Power and that's Darkness minions want you to do. The most feared thing for them is the reaching of your True Consciousness and to ask The Infinite Creator to fix things!

Until now you experienced the praying in vain as you were trying to talk to walls. The so-called God and its bunch of entities are engaged in a longtime war with other bunch of much malevolent entities lead by - let's call it anti-God or antichrist. Just being in war with other darker entities doesn't mean that they are good! Both camps want the absolute power. Aren't you disgusted with that constant fight that isn't yours? The difference is that the first group is sweet-talking and promising a reward in the afterlife and the second is declaring its intentions and rewarding you right now. Both groups desperately need your energies! They act as two opposing parties but who has in fact the very same root - a model imposed by Archons! This is the blueprint in the Malevolent Creation: duality - the constant fighting between two groups artificially created! religion, politics, WWI, WWII, the Cold War, economic wars, crises and NWO just to name a few, are the result of two polarities fighting for supremacy. This is the dualism of the nature of Darkness but what does that have to do with you?

What do you need to know is that none of these two groups are aiming your good and the reason they are interested in you is the measure they desperately need your energies in order to become bigger and powerful. Both groups mean slavery! Both are feeding with your energies!

You can end this abomination and since you use Almighty Love you will lead Darkness to its permanent failure! It's impossible by any means for Darkness to stop you because you are too many and you are spread all over the planet - it's in the laws of the Creation - the higher frequency will disintegrate (if ordered to do that) the lower frequencies! The futility of Darkness and its systems of control comes to Light one more time. Darkness has built useless defence systems on its borders but this time the True Love comes from the inside! The last days for Darkness are now. It's nearly impossible to reach another outcome!

You are the eyes and the ears of Infinite Creator in this Malevolent Creation. Remember, the Malevolent Creation is like a tumour in the

True Creation and The Infinite Creator could just simply disintegrate in a moment but this will lead to destruction of innocent spirits trapped here.

So The Infinite Creator adopted another strategy: send some high Consciousness here in this tumour to spot the way it works and to take action! You are the eyes of The Infinite Creator as doctors use an endoscopic camera inside the patient to know how to take action. This is the main reason that most of you have the third eye blocked – Darkness and its minions desperately try to prevent you from seeing its machinations. And the reason that Darkness minions hate you so much is because Darkness knows that your presence here marks the very last moments of its existence!

So it's cleaning time for you and for this dimension! Ask The Infinite Creator to open your third eye (if it's not open yet or because was blocked) and when you spot malevolent entities, malevolent spirits or demons or people using them ask The Infinite Creator to disintegrate and cancel them all from the whole existence!

The power of Darkness perpetrates by a bunch of people gathered and tied by the same oath as in an organisation and the entities that they are in relation with or protected by. Not a single problem for The Infinite Creator – just spot them and ask to be disintegrated and deleted immediately from the whole Creation until completion! Is just as easy as it looks!

Either way you'll use Almighty Love or you'll ask the Infinite Creator to concentrate them on a specific area, to take action on a specific purpose the results will be amazing. Basically you already know where to use it, but please let me suggest a few more things: ask Infinite Creator to concentrate Almighty Love on the whole planet Earth until it will be Almighty Love forever. Or ask Infinite Creator to do the same thing with you, to rejuvenate you, to make you prosper or whatever your goal is. Or you could concentrate Almighty Love on your projects until they are Almighty Love. Or concentrate Almighty Love wherever is needed for your projects to be Almighty Love.

We are all coming from the True Creation and our consciousness is True Love and Infinite Creator Consciousness. Through the Sokaisi initiations now you are reaching your True Consciousness. This is the reason we can ask The Infinite Creator absolutely anything – now we are finally again on the same frequency!

Ask The Infinite Creator for anything. Literally anything.

You'll be more than amazed!
