Christic Force Initiation ® is freely offered for spiritual purposes but also can be successfully used for healing purposes as long as our energetic, spiritual and physical bodies are strongly interconnected, but it is not meant to replace any medical treatment.

Sokaisi ® is a spiritual system consisting of initiations meant for personal and spiritual development. The initiations work on DIY basis absolutely free of any master or any charging, unless specified here. Anyone claiming any of these initiations, charging or pretending to facilitate these initiations will be in violation of founder purpose, and subject to definitive withdrawal of any Sokaisi ® initiation.

The manifestation of the Sokaisi energies and Initiates have changed the spiritual and energetic landscape of Planet Earth. The increasing new conditions, energies and new spiritual conscience that were born allowed new manifestations and one of them is Christic Force.

The church monopolised Christ from the beginning but this doesn't mean that these two concepts could be associated. In fact they are definitely antagonist, or it is better to say that Christ has never had something in common with the church! The real Living Christ spirit is being set in motion, while church is something dead. For the church, Christ represents a concept that seems to be impenetrable even for its insiders, but good enough as a tool for control and making money.

They created an impenetrable aura around Jesus, pretending that everything he was doing could not be done by anyone else. The church deliberately creates this confusion through God and Jesus Christ who they are also calling God, in order to legitimate him as God. Christ was branded as one of the "church mysteries" and knowledge in this matter was granted only for high echelons. Church needed to bury in dogmatism the whatever new concepts that Jesus brought. This is one of the reasons that the church hides from centuries, deep in its cellars, all the original spiritual manuscripts of this Planet. The easiest form of control takes place when people lacks knowledge. The Bible version agreed today is the version that the church wants you to read, according to their plans. They are guarding secret every document that could lead anyone to discover this conspiracy. The irony is that the church itself is one of the biggest obstacles for those who search for Truth, no matter they are claiming. In fact, almost every healthy spiritual practice or religion of this Earth was drained of essences, assimilate or destroyed. This is what they did centuries ago in Europe through Christianisation. In the name of the God they later killed Native Americans, South American Indians, African and Asian people, all innocent people just to implement their means of control throughout the whole world. The church and royal reptilian controllers started the

globalist imperialist tendency to control the world. And the excuses that we hear were that those people were barbarians. Which dogma shares responsibility for those killings? Only hatred! The Christian religion is all stained with blood, everywhere you look at.

Bowing at the knees of christian priests is similar to agreeing to all of the crimes of the institution they represent. Because of your self interest. Because you do not want God punishment. So let me be clear: they created this bullshit, you agreed for the sake of your safety, because they said you otherwise will be in danger, and you believed that. They created the problem and they offered the solution! I can see this pattern everywhere these days too. Because those that controlled the world then are the same to those that control it nowadays. And they always act on the same pattern.

Christian religion is not the only one in this situation. In fact so-called humanity is nothing but a long chain of crimes and abuses by those that secretly make decisions. The fact that you were born in this world is not enough to accept it as it is. Not for me. I don't want to share the medieval beliefs of any religion only just because "that is" or "everybody is doing". And if God were as is described by religions, believe me, it would be tragic.

In fact is very tragic. So called God that everybody bows to and pray too is a dark, malevolent entity in a dimension not reachable for humans with the actual knowledge. Is the head of the control imposed on Planet Earth by the Archons and works directly under the Archons control. Together with the reptilians they are harvesting energies of this planet and its inhabitants and maintain this system of control.

All you can see in manifestation here on this planet is designed to correspond their low energetic status, and desperately needed by those entities to thrive. Continuous wars, conflicts and suffering, million animal killings everyday, abuses and suffering are mandatory on Earth. That fits their status. And the goal is to transform you in a being completely lacking empathy, that would provide the thriving energies for these alien entities and maintain a low energy state that is the only one they can stand.

Christic Force is not related to church or any religious manifestation. The church still remains an instrument of power and control over people as it always was, keeping people in ignorance! From ancient times the church played a major role in enforcing wrong concepts and manipulating people through fear. Through those times war and crime was covered by "faith"! Now they are covered by terror – not a big difference.

Jesus came on this planet bearing Christic Force according to his willing to bring Light and to expand the planet's conscience. The church intentionally misinterpreted Jesus and distorted his image creating a suffering pattern as a spiritual accepted way. Jesus intended none of that later became dogma. Church always makes you feel like a crawling creature in the eyes of God, as opposed to what Jesus Christ had said - the Father always loves equally all of His sons?

The church is organised and acts on the pyramidal scheme as everything coming from the Archons, starting their humble servant - God. In medieval times the church through oppression and crimes succeeded to impose all the concepts that would later play a major role in removing all the elements of a healthy spirit and brings people into mental and spiritual slavery. The church implanted terror in the collective subconsciousness, the fear of contestation religion, a thing that even today can be found in form of manifestation of a strong rejection for what does not fit the religious dogma. Constantly repeated lies doesn't meant validation. And the fact that you was born under a certain religion does not automatically legitimatise that religion! And it will not make you better than any other individuals born on other religions - a lie isn't better than another! Religions are indoctrinating you at ages that you couldn't discern.

Did you ever ask yourself why certain religions always violently blame the ones that do not share their views? And why crime and oppression is standard used against those that have the courage not to share those views? Not sharing my beliefs that will be no problem. At least you have found out that there is a different way. How can I be upset? I know that everyone has its own evolution. It only make me sad to see someone still believing in something as fake as religion, which is nothing but spiritual alienation.

You can check the True Heart of all the church leaders, religious leaders or political rulers from Ancient Times to present days. Even their God (which obviously have much more protections)! Do this in order to see the Truth. True Heart always reflects their real intentions and the spiritual affiliation of any entity. Is highly recommended to be aware whom you credit.

And a final question: are you prepared to give your life for your religion? Or your government? Do you think it's worthy? In that case you must heavily programmed, because they both are ruled by the same group of interests that is antagonist to human species. To be more accurate, antagonist to any species.

Anyway, Jesus brings for the first time the Christic Force on this planet, as a manifestation from outside of this dark blockade.

Christic Force is a principle in manifestation, is living and always in motion. Christic Force places The Creator inside, and should not be confused with church nonsense. Christic Force will be the capacity of condensation of the Infinite Creator within your power of action. The Creator itself cannot reach this dark energy field that acts as a tumour in the whole Creation, and therefore manifests through people like you. Matrix controllers have imposed an extremely strong blockade of any Light energies that might reach this planet. This is the reason this energies are now manifesting through you. Of course The Creator could wipe the tumour in a single movement, but that would sacrifice innocent spirits, as long that there are a few here. And we are here to act.

Christic Force is action! It is the power of The Creator that emerges from itself. Christic Force now manifests outside The Creator, because if it will be within, it will be The Creator Itself, and now that's supposedly be you.

Final days of the controllers are here. This abomination comes to an end. Jesus will never come back in the form of the Messiah because this time Christic Force could and will manifest in everyone prepared to carry Christic Force within. This will be "the second coming"! Some more than others, but this time millions will be animated by Christic Force. This is an aspect of superior spiritual levels of existence right here in this dead end. By receiving Christic Force and spreading it you could reach the

level of superior conscience. The Creator will see through your eyes and will act through you.

Christic Force is available through initiation. The initiation should take place five consecutive times due to the restoration and balance that might occur and of course could vary. To receive the initiation, sit comfortable and in a meditation state use an affirmation like that:

**"I am asking to be initiated in Christic Force and I call now upon me the Christic Force Initiation from Armand until the process will be completed"**. That should be done at least 5 (five) consecutive times, or until it won't start again. Actual conditions changed a lot and some people should receive it much faster.

Based on my will and my manifestation in infinity, anyone asking for Christic Force Initiation on my behalf will receive it immediately.

Using Christic Force is exclusively mental and it is similar to the other Sokaisi energies. Just create or concentrate Christic Force on anything you wish, until the job is done. Please review suggestions of my previous methods. You can use it on a cellular level, molecular, atomic or sub-atomic level and quantum level.

Quantum Particles are the smallest particles that are the basis of every energy or manifestation. Basically every substance of the Universe even if it is energetic or material is composed of Quantum Particles.

Projecting or concentrating Christic Force on Quantum Particles increases their overall spiritual condition and vibration. Concentrating Christic Force in the Quantum Particles of anything will increase the energy accordingly.

Another method of using Christic Force is amplifying it through the Central Sun. It is supposed that you are already attuned to Kosoo from Sokaisi System. Kosoo is also known as 'Black Sun' because of the fact that it is a Spiritual Sun, not a physical one that radiates photons. So the Black Sun emissions are invisible to our physical eyes, because its emission is exclusively spiritual. Every galaxy has its own Black Sun and the Universe of course has a Black Sun also. What just a very few people knew until now is that the Black Sun or Central Sun acts like a spiritual lens or amplifier for higher energies. Christic Force is one of

them. To use it you just need to direct Christic Force to the Central Sun until it will be magnified Christic Force. Amazing method, indeed! Experiment and use this method from micro to macro levels and from spiritual to physical level, and on all your projects.

It's your time of discovery and the New Era of Planet Earth.
