Infinite Unity ® is kindly offered for spiritual purposes but also can be successfully used for healing purposes as long as our energetic, spiritual and physical bodies are strongly interconnected, but it is not meant to replace any medical treatment.

Sokaisi ® is a spiritual system consisting of initiations meant for personal and spiritual development. The initiations work on DIY basis absolutely free of any master or any charging, unless specified here. Anyone claiming any of these initiations, charging or pretending to facilitate these initiations will be in violation of founder purpose, and subject to definitive withdrawal of any Sokaisi ® initiation.

We originated in The Infinite. Since our imprisoning here we all miss Infinite Love and energies of the Infinite. I tried to restore the right balance bringing these initiations and energies that could make us stronger and facing this abomination dictatorship of selfishness and chaotic self-consumption. Sokaisi energies are meant to unchain yourself from the reptilian slavery and their matrix where every aspect of your existence is heavy programmed and manipulated. It's not that easy to escape the reptilian matrix, especially being imprisoned here. But not that impossible.

Your True Spirit remains unaltered until your decision could go on other direction. You are the only one in control! Reptilians, through their controlling dementia, convinced many pure spirits to do bad choices. They worked thousands years to imprison your thinking and your spirit, but hey never succeeded in forcing you to do anything. It's just your decision that comes last, but through lies and delusions they can make it be against you.

The good news is that not anyone on this planet is completely enslaved, and we come in numbers on a rescue mission for our kind. And we succeeded until now. Now we are on the verge of reptilian total collapse. We already managed to fought reptilians on other places and we will also do it here, in this final hour.

Planet Earth is a scenario set by alien controllers where everything is crafted by their own standards. Domination, obsession for control and perpetration, are reptilian traits that you can find anywhere in this world. Humans are induced to believe as they are the superior beings, top of the food chain, that have every right to the species below. It is a reptilian mentality that corresponds to the actual chain of command: humans are below reptilians and therefore their control over humans they are considering legit! And they imposed the system of control that makes you feel legitimate in consuming below your species, and arrogance that nothing is above, except God (which by the way it is a high rank reptilian entity that coordinates the Earth reptilian controllers.

Is a planetary scale lie and most of those manifesting here was ceased their own control and becomes reptilians agents. They are constantly used and consumed for reptilian needs - a slavery that is called matrix, and no one can escape, due the complexity of programmings.

That was until we arrived here, and rescued our kind.

Now darkness faces a very dark challenge: the resources are terribly scarce and the whole thing is heading to collapse. Because the last pure Spirits was evacuated and the Infinite Creator stopped the expansion of evil. In other words, is a closed system that will last as long as it spend the last drop of energy.

All Sokaisi initiations are protecting you as a shield on this terrible battlefield. Maybe some of you have sensed that Sokaisi energies might fade away easily. This is the matrix multiple programming that affect us in this dimension, and our capacity to sustain higher energies. The human manifestation was created as a confinement for the True Spirit, in order to being manipulated by the controllers. We are all sensing the limitations, and tried to managed them at some point.

The Infinite Unity initiation is overriding these limitations. It is the element that bound together all the previous Sokaisi initiations and disengage the reptilian control system imposed on humans, to a level that will be completely obsolete. It is an initiation that will change your spiritual and energetic systems in order to get rid of all the imposed elements of control. You will connect freely and more intimate with The Infinite and the matters of human being will be ones that you will decide yourself.

Your energy levels would be escalated to a level that reptilian matrix would be less and less capable of control and your energy patterns would function to a different level, until no control could affect them. Humans in this matrix never experienced an energetic freedom of this scale.

This is a living initiation and it will work on multiple levels of your darkness programming until you will be set free from all the harmful aspects of the alien conditioning. The process will take place gradually

and will last 1-2 months, time that it will be necessary to overwrite all the matrix programming. It could be longer in some cases, but it will definitely adapt and act whenever is needed anytime in the future. You will be healthier, energetic and pure, a status that will protect you from further programming.

This initiation I will do myself and it will require a small donation of yours. Those that would be eligible of receiving are my people and won't be bothered by that. The rest can't receive it and either way won't matter. You can place an inquiry on the contact section and I will instruct you. Infinite Unity initiation will require the Sokaisi initiations to be completed until The Infinite level, in order that all these initiations will get at work together.

Now you'll be freed from matrix.
