True Love Of True Creator ® is freely offered for spiritual purposes but also can be successfully used for healing purposes as long as our energetic, spiritual and physical bodies are strongly interconnected, but it is not meant to replace any medical treatment.

Sokaisi ® is a spiritual system consisting of initiations meant for personal and spiritual development. The initiations work on DIY basis absolutely free of any master or any charging, unless specified here. Anyone claiming any of these initiations, charging or pretending to facilitate these initiations will be in violation of founder purpose, and subject to definitive withdrawal of any Sokaisi ® initiation.

Infinite Love leads to a higher perception and understanding of True Love and True Creator. Years after the first Sokaisi Initiations I received Zalmoxis-Sokaisi Initiations that are a platform to receive Infinite Love.

I had to point out some things in order to arrive at a better understanding of what we are experiencing together on this physical plane.

The Malevolent Creation is built upon the infrastructure of the True Creation which resembles a spiritual network where any individual Spirit has its own identity, yet takes part of the whole True Creation, both giving and receiving Infinite Love. The Malevolent Creation as a following of the malevolent intention of The Usurpers, is nothing but isolation from True Love, which takes part of the same infrastructure.

The Usurpers are sterile entities that, cannot create but only use, desperately trying to poison the network spiritual infrastructure. This distortion occupied a minor area (what we are calling the physical Universe) in the True Creation, looking as a tumour that isolates on a dark cloud (their initial hatred and jealousy) the correspondent True Spirits of True Creation. These trapped Spirits having not a clue of what is happening, continued acting further as their True Nature is – spreading True Love. This is the part where exploitation begins!

Usurpers started centring those trapped Spirits on anything opposing True Love in order to produce energies that will poison this part of True Creation and will maintain this distortion. Obviously dark energies are what feeds the Malevolent Creation and The Usurpers are determined to do anything to continue this abomination. But they are in constant need of dark energies that will be perversely obtained from the trapped True Spirits.

This is a short resume of the physical plane. Poor ignorant people are feeding this abomination not even having any suspicion that they are maintaining it. Ironically they are unconsciously ignoring anything that could question the fragile foundations of physical plane, as part of the evil programming. Poor blinded Spirits are fighting anyone trying to unveil the scam. Just try to tell this scenario to somebody and probably you'll be seen as a lunatic. This ignorance is essential for making Darkness to perpetrate.

The imposed program is non-action – “waiting for someone from the outside to solve the problems” or “someone to tell us what is good or wrong” allowing those who rule the world to have complete control. The power was unconsciously transferred to entities whose real intentions are crafted by their words. This program embarks in many forms: education, medicine, health, diet, politics, administration, religion etc.

This scam was only made possible by ignorance set up by Malevolent Creators and their administrators of the physical plane that are continuously pulling the strings.

Spirits are inter-connected in the True Creation and also in the imposed distortion that we know as Malevolent Creation – the difference is that through ignorance the captive Spirits are deluded to produce malefic energies in this network and administrators of physical world will take care of that. Beings used as slaves to produce energy for the reptilians, and living in a nightmare world designed for them (physical universe) where they are programmed to think they are free. This nightmare is about to finish and human beings will be aware of their origin – True Love!

True Love Of True Creator Initiation procedure is the same you are already familiarised from Zalmoxis Initiations: **focusing in the centre of your True Heart go to the centre of True Creator Heart and ask to be initiated in True Love Of True Creator. Then call the initiation on the centre of your True Heart until the process is complete.**

These is a beautiful and intense initiation that will fill you up with an unprecedented level of Infinite Love! It's a state that you will probably want to experiment from now to infinity and that will change your perception forever! Make sure that you are accompanying these Initiations with a meditation and reserve an amount of time to experiment with the new state of Infinite Love.

I can make a couple of suggestions on how to use True Love Of True Creator, even you can use it in the areas described in the other Zalmoxis Sokaisi manuals.

Concentrate True Love Of True Creator forever in all your being, your True Spirit, your True Heart and its Center, your spiritual body and your physical body, organs, glands (pituitary, pineal, thymus, adrenals, thyroid), your cells, particles, DNA, RNA, all your energies, Human Mind,

soul, ego, super-ego, conscience, sub-conscious, unconscious until they will be True Love Of True Creator up to infinity! No programming, just concentrate True Love Of True Creator! Programming is controllers tool.

Please create True Love Of True Creator on all malefic programs that you are conscious or un-conscious running, or might interfere with you!

Ask The True Creator to do the same!

The subconscious. Here we are facing evil mechanics of Darkness, something designed to function entirely without human control, based on induced images, concepts and emotions for which media and the so-called entertainment are highly responsible nowadays. You probably think that it's no harm to watch a movie or to watch TV as long you can control your conscious - true but this is only the surface because you can only controlling the conscious. The administrators of the physical plane will give absolutely nothing for free, unless that corresponds with their interests! You are treated like a slave and indeed you are a slave! Your sub-consciousness is targeted and you better be aware of that! You can't defend or protect yourself of something that you have no clue how

it's working. It's very similar to the chemicals inserted in your food – how can you protect when you aren't aware that there is chemical warfare against you? Or that meat means murder that feed reptilians. And is saturated with chemicals and synthetic hormones that will take further action in your body in order to make you ill and consume more chemicals. Maybe you have heard people concerned with obesity telling you that they are practically eating very little but they are still getting fat. This is the cumulative effect of synthetic hormones and chemicals.

The fabulous amount of money pumped into TV budgets and movies has a precise goal for the administrators of the physical world. Don't be fooled to think that TV stations are mad about ratings or money. It the lower level where ratings count – they set up this scenario, but the real target is hidden. Owners of the media concerns are anyway among those who own all the money in the world (and even invented it). They know very well what they are doing and most of them are not even human beings at all. Filling people's sub-consciousness with destructive concepts will transform anyone into a controlled being, slave labourer without a hint of suspicion. Remember that the delusion is the key word for Usurpers.

Now you can set yourself free! Concentrate True Love Of True Creator in your subconscious until it will be True Love Of True Creator. Although I strongly recommend to definitively disintegrate it!

You can achieve sensational results creating True Love Of True Creator in the human collective sub-conscious. Ask the True Creator to do the same.

Concentrate True Love Of True Creator in your Human Mind! Cleansing or disintegrating your Human Mind will automatically centre yourself on Infinite Love, which will be an extraordinary experience that you have never encountered before!

Alternately you can do the same with the Collective Human Mind!

Your Center of True Heart is also subject of True Love Of True Creator.

Be sure to constantly concentrate True Love Of True Creator in your True Heart. You can also create True Love Of True Creator in the True Heart of every being on this planet! Some "smart" guys could get panicked that you could "infringe Free Will" doing a thing like that.

Bullshit! Another tries to delude you. Darkness is an infringement of Free Will! True Love is what the True Heart of every being is supposed to be. It's the origin and reason of True Spirit. The absence or incapacity of True Love in every being true Heart is an infringement of True Creator will and this nightmare pushed things to be so far destructive as you can see the world of today. You are just humbly restoring the balance! An act of True Love can't be harmful in any way. Maybe yo controllers and their minions! You can ask True Creator to create True Love Of True Creator in the True Heart of every being on Planet Earth.

There are also some attributes of you that you might correct. Even that you think, as non-representative for you there is a level where they act, mostly sub-consciousness. Constantly target pride, arrogance, jealousy, un-forgiveness, greed, revenge, hatred, etc. Darkness obviously is the pusher and all of these evidently act correspondent to Darkness plans.

Concentrate True Love Of True Creator in all these things until disintegrating or until they will be True Love Of True Creator! Ask True Creator to do the same.

Create True Love Of True Creator forever in your family tree and family members hearts until all those will be True Love.

Ties and bindings to your previous relations, to malefic people, emotions, malefic programs that you run unconscious and even to your family, should be subjects of your actions too. Don't worry about family – disintegrating bindings won't separate you from them or won't make you behave differently. Family is a Darkness tool binding you with

energies that will purposely draw you back, because acts like a data bank comprising the energies of all your ancestors from the beginnings of humanity so it's subject to cleansing. Why not being free?

Malefic entities, demons and malefic spirits are also Darkness creations that must be also subject for True Love Of True Creator. These malefic creations are blocking and influencing at a level that the average person would never think they could be influenced. Most malefic entities are designed to draw the Vital Force of the subjected people. The mechanics is simpler to absurdity: by their mental and spiritual status people are getting in resonance with the operating frequency of these entities, resonance that will create some frequency drops in their body energies, drops that will attract specific entities to bond and draw the Vital Force of the affected zone until the wipeout of vital energies will decompose physic structures and lead the system to failure. This is called disease in the physical plane.

Darkness minions are among firsts subjected to be affected due to a resonance that can't be ignored. Therefore they are avoiding the effects of this resonance by using stolen Vital Force. Those from the higher echelons will constantly seek to steal Vital Force from other living creatures in order to use it and that's the reason of animal sacrifices in the past and nowadays meat consumption. Human sacrifices are highly regarded because of stronger Vital Force and Spiritual Energy of humans and the occult circles involved in that practice are high echelons or reptilians. Vital Force and Spiritual Energy could be also steeled by occult sexual practices that are also standard through dark elite circles.

Darkness consumption scheme works at all levels and humans are the subjects without a tiny suspicion on their part! That's the power of evil programming. I bet you never imagine that! Malevolent Creators are determined in harvesting any useful energy to perpetrate and will do so without exception, even from Darkness menials and the term "collateral victim" seems not to be an obstacle. This is the reason of so much suffering (deliberately orchestrated) in the physical creation – someone is feeding with the by-products.

Concentrate True Love Of True Creator in the very centre of malefic entities, spirits, demons and even humans that interferes you until all of these will be True Love. You'll have to realise: all dark entities and creatures are made of energies stolen from True Spirits, True Love

Beings like you, that was not strong enough and fall to delusion, without a chance to know what's happening. Relying to True Love can only protect you, as you are subject of constant aggression in various forms.

Concentrate True Love Of True Creator in the spiritual network that connects all the people and also on the energetic structure of Planet Earth (which is continuously targeted by Dark Forces in order to maintain this state) and make them True Love!

These are just a few suggestions. The rest you can easily find out by yourselves. Malefic Creation is lack of True Love. Correction: was lacking True Love until now!

Concentrate True Love Of True Creator it in every aspect of your being, your life and your Spirit! Just concentrate True Love Of True Creator accordingly to your projects, and make them be True Love! There are no boundaries.

You are The True Creator!
